Dear Principal,

**The Yard** is an award-winning anti-bullying program by dance theatre company Shaun Parker & Company dealing with themes of bullying, social exclusion, peer pressure and resilience told through dance and music.

Suitable for K-6 and years 7-8, the one hour program features a performance of dance piece **The Yard** followed by a Q&A with students.

**The Yard** dance performance was created for and with students from Western Sydney schools over a three year period in response to the social issues pulsating within the schoolyard. Our objective is to not only empower children to deal with the issues addressed in the performance, but to also inspire and motivate them in their future careers and life choices.
